

## **NSSC Long-Term Projects / Issues**

Range Improvements – In August, 2017, we applied for and won a MN DNR 50/50 cost sharing grant to make \$20,224 worth of improvements to the Rifle and Pistol Ranges. We have until June 30, 2019 to complete this work, pay all bills, and submit our reimbursement paperwork.

Range Assessment by Professional Engineer (Range Designer)

Septic System - Needs Assessment, possible replacement

Two new outhouses with holding tanks – Rifle & Pistol Ranges

Roads & Parking – We have an offer from Brad Beard, to supply many truckloads of crushed concrete to the club at a reduced rate, and grade it, to prevent another spring wash-out on the road and in the parking areas.

Electronic Trap Controls on the Sporting Clays range

Building Maintenance – Stain the outside of the building

Range Maintenance – Replace / reinforce the railing to the throwing platform on Station 2 of the Sporting Clays Range

New Toilet in men's bathroom

Volunteer Recognition Program

Automated External Defibrillator

Lead Abatement on the Trap and Skeet Ranges

Noise Assessment on our North & East Perimeters
